get things done

Team Challenges

- 1. Individual identity
- 2. Verbal and emotional expressiveness
- 3. Relationship expectations
- 4. Style of communication
- 5. Language
- 6. Personal priorities, values and beliefs
- 7. Time orientation

Dealing with Conflict

- 1. Conflict is not a bad thing
- 2. Problem-solving is a key activity for successful teams
- 3. Understanding your own preferred approach and those of your team helps in productive conflict resolution

Five basic approaches to conflict resolution

- 1. Avoidance
- 2. Accommodation
- 3. Competition
- 4. Compromise
- 5. Collaboration

Culture and Project Management

- 1. Organizational Culture means shared beliefs, attitudes and values, along with related behaviours
- 2. Project Managers need to be aware of cultural issues
- 3. Team Members can also face challenges in cross-cultural relationships
- 4. Effectively dealing with conflict is a success factor for projects—every project team must resolve differences and make decisions
