Assignment #2

Instructions

Individually - Select any 1 **Case study** from https://www.pmi.org/learning/academic-research/project-management-curriculum-and-resources/academic-project-management-case-studies

Give me the a synapse of the case, a project charter, what went right, what went wrong, a list of risks and general overview of how they were handled, a list of challenges and general overview of how they were handled and what you would do differently if you were to lead a similar project in the future.

In a report format

***

- Submit assignment with a report front page, table of contents, APA referencing
- All reference material used should include quotations and a place in the works cited
- Do NOT copy paste answers
- This should be atleast 2000 words
- If you paste an answer and properly cite it you will still get a "0" for that section as marks are only awarded for original work. You're welcome to quote and cite anything you would like but to get credit you need to speak to that item and why its included etc...
- _Mini Case studies can be used_
